

LAWRENCE HRYCAN
Candidate
Regional Representative–West
ACER-CART

ACER-CART

Since 2018 I have been the ACER-CART representative for the Alberta Retired Teachers Association.

I have been a member of the Political Advocacy Committee of ACER-CART for 5 years and in November of 2023, I became the Chair. Along with the 5 committee members, the entire Executive is on this team. It is a pleasure to be alongside dedicated individuals who work diligently and passionately for the betterment of seniors in Canada.

Alberta Retired Teachers Association (ARTA)

Since joining ARTA in 2015, I have been actively involved with the workings of ARTA. As part of my duties as the Treasurer of ARTA, I currently sit on the Strategic Planning and Advocacy Committee as well as the Pension and Financial Wellness Committee.

Public Interest Alberta, Seniors' Task Force, contains 17 members from retired organizations in Alberta. This group meets monthly, and I am on this committee as the ARTA representative.

Teaching and Education

I have a Bachelor of Commerce degree as well as a Bachelor of Education. These 2 combined enabled me to effectively teach high school business classes. I went on to obtain my Master's in Education and became an Administrator with Wolf Creek Public Schools. The last 10 years of my teaching career was as an Administrator at an Outreach school.

Interests

I enjoy reading, walking, cycling, volunteering for church, as well as ARTA and ACER-CART, and spending time with family. In my spare time, I like to travel.

If I were granted a wish to have a certain skill or talent, it would be the ability to learn any language easily so that I could communicate well with anyone in the world. If I could invent something, it would be "teleporting", so that a person could visit anywhere in the world in seconds (without the jet lag).

Thanks to ACER-CART for considering my candidacy and to ARTA for nominating me.
