

**Legislation Committee Report
January 12 - 13, 2025**

Over the holidays the weather was not always delightful so I reviewed the following governance documents on the ACER-CART website:

- Constitution
- By-Laws
- Belief Statements
- Protocols

There are no changes to be made in the Belief Statements. Additions/deletions are necessary in the other three documents due to motions approved at the 2024 AGM.

I have provided Roger with the changes necessary and he will update the documents prior to the next Executive meeting.
